TRAVEL INSURANCE. IT'S THAT IMPORTANT.

Traveling internationally and studying abroad can prove to be enriching and an exciting life experience, but both hold plenty of risks that may not be covered by your current health insurance plan. For example, what would you do if you suffered a severe injury, were involved in a serious traffic accident while exploring a foreign city or became seriously ill and needed to visit a hospital? Will your current health insurance plan always be available or capable of helping you in an emergency during your time abroad?
