

# THE BEACON SERIES

## Is it Important to Have Travel Medical Insurance?

Perhaps the better question is whether you are prepared to travel without it. While international travel is often interesting, fun and exciting, it is important not to ignore the real risks we face, even though we do not like to think about them happening. Imagine it is 3 a.m. back home; you are severely injured in a fall. Will anyone pick up the phone at your local insurance company? If they do, can they or will they be able to help you in an emergency? Many health insurance plans have restrictions for time out of home country or geographic areas which lack coverage. Be confident when you arrive in another country that you'll enjoy the security of the finest travel medical insurance protection available in the market today. Azimuth Risk Solutions provides the essential coverage and service to respond quickly, compassionately and professionally to the emergency mentioned above and hundreds of other travel emergencies.
